

Automatic Bank Draft Service will save you time, postage, check costs and trips to our office. In addition, you will have the security of knowing that your bill will always be paid on time – even when you are away from home.

How does the Automatic Bank Draft Service work?

Approximately 10 days before your payment is due, you will receive a statement showing the amount of your bill and the bank draft payment date. The amount of your bill will automatically be deducted from your bank account on the date indicated. You will have sufficient time to be sure the money is available in your account.

Can I stop paying my bills by bank draft whenever I choose?

You can terminate the automatic bank draft payment service by notifying our office in writing at least 4 days before the bank draft payment date.

How do I start the Automatic Bank Draft Service?

You will need to fill out the form, provide us with a voided check and mail to the address on the authorization form.

If you have more than one account with Clark Energy, be sure to include all of your account numbers. Only the accounts listed on your authorization form will be paid through the bank draft service.

If you have any questions, contact our office.

Remember, it takes time to process your bank draft authorization. Please continue to pay your bill as before until you receive a statement from us indicating that your bill is being deducted automatically from your bank account.

What if I dispute the amount of my bill?

If there is a problem with your billing, you can call our Winchester office to stop the bank draft process.
